- ▶ **Need an FRN?** [Register with the FCC](#)
- ▶ **Not sure if you have an FRN?** [Check your licenses](#) to determine if they've been assigned an FRN
- ▶ **Are you a certified Land Mobile frequency coordinator?** [Log in](#) using your coordinator login and password

### About the FCC Registration Number (FRN)

An FRN, or FCC registration number, is a 10-digit number that is assigned to a business or individual registering with the FCC. This unique FRN is used to identify the registrant's business dealings with the FCC. The FCC will use the FRN to determine if all of a registrant's fees have been paid. You are encouraged to register with the Commission as soon as you expect to do business with the FCC. This way, you will be ready to access any of the electronic licensing systems without having to go through the registration process at the time you submit an application.

The Wireless Telecommunications Bureau began requiring the FRN for the Universal Licensing System and Antenna Structure Registration on December 3, 2001.

For more information, see [Public Notice DA 01-2452](#).

**License Manager**

[FCC](#) > [Wireless](#) > [Licensing](#) > [Online Systems](#) > License Manager

## Log In

Log in to the License Manager to view and manage your licenses and applications, apply for a new license, and perform other license and application management tasks based on your FCC Registration Number (FRN). 10-digit FRN is required.

**FCC Registration Number**

**Password**

**SUBMIT**

▶ **Forgot your password?** [Contact Tech Support](#)

▶ **Need an FRN?** [Register with the FCC](#)

▶ **Not sure if you have an FRN?** [Check your licenses](#) to determine if they've been assigned an FRN

▶ **Are you a certified Land Mobile frequency coordinator?** [Log in](#) using your coordinator login and password

**About the FCC Registration Number (FRN)**

An FRN, or FCC registration number, is a 10-digit number that is assigned to a business or individual registering with the FCC. This unique FRN is used to identify the registrant's business dealings with the FCC. The FCC will use the FRN to determine if all of a registrant's fees have been paid. You are encouraged to register with the Commission as soon as you expect to do business with the FCC. This way, you will be ready to access any of the electronic licensing systems without having to go through the registration process at the time you submit an application.

The Wireless Telecommunications Bureau began requiring the FRN for the Universal Licensing System and Antenna Structure Registration on December 3, 2001.

For more information, see [Public Notice DA 01-2452](#).

**About the FCC Registration Number (FRN)**

An FRN, or FCC registration number, is a 10-digit number that is assigned to a business or individual registering with the FCC. This unique FRN is used to identify the registrant's business dealings with the FCC. The FCC will use the FRN to determine if all of a registrant's fees have been paid. You are encouraged to register with the Commission as soon as you expect to do business with the FCC. This way, you will be ready to access any of the electronic licensing systems without having to go through the registration process at the time you submit an application.

The Wireless Telecommunications Bureau began requiring the FRN for the Universal Licensing System and Antenna Structure Registration on December 3, 2001.

For more information, see [Public Notice DA 01-2452](#).
